Dear Parents

It is time for you to choose a high school that will continue the good work started at your child's primary school and best develop your child on the way to successful adulthood. The choice of a high school is a daunting prospect when one considers the far-reaching effects this choice has on the future of any pupil.

Victoria Park has the aim of "Preparing for Life" and focuses on what we believe is paramount to the success of any young South African. The school has intensified its efforts with regard to academic excellence, strict discipline and passionate participation. Pupils are motivated to reach their full academic potential in a disciplined environment where conditions are conducive to teaching and learning. Pupils are also encouraged to participate in a wide variety of after-hours sporting, cultural and caring activities in order to complete an effective, all-round education. All of this is achieved in a secure, non-threatening environment, allowing teenagers to grow as individuals. They are encouraged to be courageous, optimistic and to think progressively.

To support these ideals there is a highly-motivated professional staff caring for your child in a school with all the benefits of modern technology. The curriculum is an ever-changing one, keeping up with the demands of the new South African economy. Over and above the normal core learning areas, the school offers subjects such as Information Technology, Computer Applications Technology, Consumer Studies, Music, Design & Visual Art, Tourism, Business Studies and Accounting. We are pleased that our concentrated efforts are consistently rewarded with excellent matriculation results.

NOTE THAT APPLICATIONS WILL BE AVAILABLE ONLINE FOR DOWNLOAD AS OF 1 MARCH. THE FORM WILL NEED TO BE FILLED IN AND HAND DELIVERED TO THE SCHOOL IN A SELAED ENVELOPE DUE TO COVID PROTOCOLS.
