ASSESSMENT SERIES: REVISED DAILY PLANS

Dear Parents

After fruitful consultation with the CMC Head we have been able to adapt the writing days of our learners so as to allow them to have the best chance of maximizing time spent studying and preparing for the assessment series tests. A sincere apology for the changes as we have been striving for the optimal writing conditions for the learners.

The revised daily plans are as follows:

- Arrive at school by 7:50 (normal time) to be sanitized and screened.
- Proceed to venues for grade meetings. Registration will be done and specific daily information will be disseminated.
- Learners will then move to their test venues. Supervised study sessions will take place.
- After a break learners will write their tests. All these tests will finish at 12:45 and learners will be dismissed at 13:00.
- Parents are urged to arrange for learners to be transported as soon as possible after 13:00. Excessive time spent waiting outside the school is discouraged for academic and safety reasons.
- No teaching of new work will be done for the duration of the assessment series and there will not be any extramural activities.

I trust that all learners make the best use of this opportunity of learning, practising their formal assessment writing skills and getting the best possible marks for their mid-year reports. The writing of comprehensive tests will prepare learners well for the writing of formal examinations in November and assist the Grade 12 class with their preparations for their trial examinations in the third term.

Academic reports will be handed out at 12:00 on Friday 9 July 2021.

Yours sincerely

A handwritten signature in black ink, appearing to read 'M J Vermaak'.
