1 March 2019

Dear Parents/Guardian

**GRADE 8 LEARNING RECEPTIVENESS SKILLS EVALUATION**  
**DATE: 12 MARCH 2019**

All Grade 8 learners will participate in the **Human Progress Management Learning Receptiveness Skills** test on **TUESDAY, 12 MARCH 2019**.

The testing will take place at school, during a normal school day. If a learner is ill or has a medical appointment on this day, consideration will be allowed but, please make sure all Grade 8 learners are present at school on this day.

The L.R.S.E. test assists the school and parents in determining the learner's learning receptive skills

Once the learning receptiveness skills profile of your child has been determined and analyzed, an educational advisor from **HPM** will make the results available to the parent.

Should there be a need and you deem it necessary to develop your child's learning skills further, you will be afforded the opportunity to speak to an educational consultant from **HPM**. This is a choice rather than an obligation.

While **VPHS** supports **HPM** in their testing, **HPM** are a private company and parents are entirely free to use their services at their own discretion.

The initial test at school has no financial obligation to **VPHS** or to the parents. Any further commitment will be between the **parent** and **HPM**.

Please be reminded, **VPHS** is a proudly fee paying school and parents are requested to kindly make sure their school fee account is up to date before entering into any long term contract with HPM.

Yours sincerely

J HUTCHINSON
