

28 January 2019

Dear Parents

Well done on surviving the first month of High School. Thank you to the Grade 8's for their enthusiasm in the way they have tackled orientation. Now it is time for them to show us how they can knuckle down to academics!

The Grade 8 Test Series is due to take place from 18 February – 4 March 2019, during which your child will be writing a two-period mini-examination every second day in certain learning areas. The school day will continue as normal after the mini-examination has been written. No homework will be given for the days that they are writing tests on. The results of the Test Series will form a large percentage of the marks that appears on the end of the term report for Term One.

It is imperative that learners are not absent for any examination. If a learner is absent, a valid doctor's certificate must be presented to the Subject Teacher on return to the school.

We trust that all parents will encourage their children to give of their best during the Test Series.

We wish you and your child every success.
