Friday 19 June 2020

Dear Parents

We would like to inform our parents, learners and staff members that a Grade 12 learner at VPHS has tested positively for Covid-19. This learner attended school this week.

The Department of Education has been informed and due process has been followed. The Education Department has advised that we close for two weeks.

VPHS will therefore be closed from **MONDAY 22 JUNE 2020**. School will re-open on **MONDAY 6 JULY 2020**.

Further communications regarding the return to school for Grades 10 – 12 will be sent in due course.

The necessary deep-cleaning of the facilities at VPHS will take place by an external cleaning company and all the necessary protocols, as prescribed by the Health Department and the Department of Education, will be adhered to.

On line teaching of all the Grades will be continued for this time as during the lock-down period. Ensure that your child is receiving the work during this period.

Thank you for your support and understanding. If you have any concerns or questions, please forward them to info@vphs.ecape.school.za

The safety of our learners and educators is of paramount importance to us.

Yours sincerely
